

CITY OF VACAVILLE GENERAL PLAN UPDATE COMMUNITY WORKSHOP

McBride Senior Center
91 Town Square Place
Vacaville, California 95688

August 20, 2011
9:00 a.m. to 12:00 noon

Vacaville General Plan Update Community Workshop #2: Policy Issues

AGENDA

The City of Vacaville has hired a team of consultants, led by The Planning Center | Design, Community & Environment (DC&E), to update the Vacaville General Plan. The General Plan, a document required by State law, is a collection of goals and policies related to all aspects of community life and growth. It is often referred to as the legal “constitution” of local development. The General Plan establishes the foundation for all land use decisions (zoning, permitted activities, etc.) and City Council policy direction. Today’s meeting will focus on creating policies for the General Plan Update in the topic areas identified below. These topics have been identified as key policy issues through the process to date.
